THREAD: This is Steve Hartley, President of the Philadelphia Proud Boys, an [@splcenter](#)-designated hate group.

He's Logistics Manager for [@Amexpediting](#), a same-day courier service.

[@Amexpediting](#), do you really want to give a hate group member access to people's home addresses?

2) Steve's a longtime member of the group, too.

This is him posting about the group on Reddit in 2016.

3) And not only has Steve been a Proud Boy since they were founded, he's got deep connections with neo-Nazi members of the group.

This is him with Salvatore Cipolla.

The image shows a movie poster for "Der ewige Jude". The title is at the top in large, stylized letters. Below it is a caricature of a man with a prominent nose and a dark, shadowed face. The text "EIN DOKUMENTARFILM ÜBER DAS WELTJÜDENTUM" is written in German. At the bottom, there is smaller text: "Gestaltung: Fritz Hippler • Musik: Franz R. Fritsch" and "Herstellung u. Vertrieb: Deutsche Filmherstellungs- u. Verwertungs-GmbH".

5) And Sal just keeps going.

This is the kind of person Steve Hartley associates with in the Proud Boys.

And [@Amexpediting](#) is giving Steve access to people's home addresses.

The image is a composite of two screenshots. On the left is a cartoon illustration titled "THE OVENERS" in large, bold, stylized letters. Below the title are several kitchen appliances: a green oven with a purple door, a red oven with a blue door featuring two stars, a blue microwave, and an orange toaster oven. On the right is a screenshot of a Facebook post by Salvatore Holiday. The post includes the caption "The heros we need", a "Like" button with 6 likes, a comment section, and a "Share" button. Below the post is a "People You May Know" section with a "See All" link.

6) Here's Steve with the other Proud Boys at an August meetup.

Note that they're using the "okay" symbol used as an in-joke by white nationalists.

8) Nationwide, the Proud Boys are a threat.

They showed up in Providence on 10/6 to attack protesters.

And in NYC on 10/12, the nine Proud Boys beat three protesters.

Harrisburg PA Proud Boy Max Hare is facing felony charges for that now.

10) The police won't protect us here, folks.

We need to step up and protect our own communities.

We need to show these people that hate has consequences.

And you can do that with the direct action of getting them fired.

11) Getting fascists fired works.

The people of Philadelphia stood up two weeks ago to say "NO" to hate and get Proud Boy Andrew Kovalic fired.

We have to be willing to stand up and fight to protect our communities.

All of us together?

We got this.

"lawful purpose" the same with brass buckles and snaps and sap gloves. No double sided knives considered daggers and no swords all covered under no lawful purpose for self defense.

Alan

Flags and flag poles. Mace cans small enough to fit in your pocket. Sabre is sold at Wal-Mart \$10. Everyone needs a can. When they start spraying us, and they will, we return the favor 10 fold. We'll be able to walk out and disarm them all after that.

Jerry

Wooden stakes only for signs. no metal flag poles. I have not seen an ordinance on length
